

## Goodwill/ Good Turn Day

### “Clothing and Canned Food Roundup”

It’s easy and rewarding to engage your Scouts in Goodwill/ Good Turn Day!

#### Follow these 3 simple steps:

1. Have each Scout distribute at least 30 door knob hangers in a residential area on or before **Saturday January 28, 2012**. **Please do not place door hangers in or on mailboxes!**
2. Canvas the area on **Saturday, February 4, 2012** and pick up donations from the residents who received the door knob hanger.
3. Drop off donations at any Goodwill location listed on the back of this sheet. The locations will be identified as “hubs” at January Roundtable. Please remember to track the amount of food and clothing collected on your sheets.

#### Why Participate?

**Cub Scouts**-This service project can be used for Advancement toward Tiger, Wolf, Bear, and Webelos. Great Pack and Den activity and may help with earning the Citizenship Belt Loop.

**Boy Scouts**- Achieve required service hours for rank advancement. May help toward merit badges in Citizenship in the Community or Disabilities Awareness.

*Honor Our Scouting Heritage with this 61 Year Tradition!*
